199-2022 A Resolution to Accept the Proposed Sketch Plan and Schedule a Public Hearing in Connection with the East Light Partners Major Site Plan (PZD# 22-06)

WHEREAS, East Light Partners (“ELP”) on behalf of Herbert Binck, has submitted site plan review, special use permit and minor two-lot subdivision applications for a project located at 13 Morner Road., and identified on the Town’s Tax Roll as Tax Parcel No. 145.-2-2 to construct a large-scale solar energy facility and related improvements (“the Project”); and

WHEREAS, the Project as proposed on the above parcel in the Town of East Greenbush consists of an access road and approximately nine utility poles, with all proposed solar arrays being on Tax Parcel No. 145.-8-19 within the town of North Greenbush; and

WHEREAS, the Town Board adopted Local Law Number 3 of 2022 on July 20, 2022 amending portions of Local Law 1 of 2017 relating to large-scale solar energy systems and other solar facilities; and

WHEREAS, Local Law Number 3 of 2022, Section 4 (4) establishes that all large-scale solar energy facilities shall be reviewed as a major site plan; and

WHEREAS, Local Law Number 3 of 2022, Section 4 (2), establishes that large-scale solar energy facilities are allowed in the R-OS District by Special Use Permit; and

WHEREAS, the Project includes a proposed two-lot subdivision intended to separate an existing single-family dwelling from the portion of the parcel on which the access road and utility poles are proposed thereby creating a 13.12-acre parcel ('Lot No. 1') with the existing dwelling to be maintained by the current property owner and a 24.79 acre parcel ('Lot No. 2') to be purchased by ELP; and

WHEREAS, the Town of East Greenbush Planning Board has recognized the Town of North Greenbush Planning Board as lead agency on this Project, having received notice to this effect and having no objection, the North Greenbush Planning Board did classify the action as Type 1 under SEQRA and issued a negative declaration on June 27, 2022; and

WHEREAS, the Town Comptroller confirms that this resolution will not have a material impact on the Town's finances;

200-2022 A Resolution Authorizing the Purchase of a Lime Feeder System for the Sludge Belt Press at the Waste Water Treatment Plant

WHEREAS, the Waste Water Treatment Plant processes sludge into a dry cake granular solid; and

WHEREAS, the current system involves the employees to spread granular lime on top of the cake as it is processed into a roll off container; and

WHEREAS, the process involves spreading one 50 pound bag for every 8,000 gallons of sludge processed; and

WHEREAS, this process doesn't mix the lime into the cake consistently to achieve the odor control that is intended; and

WHEREAS, new technology has been created to automatically inject the lime into the Belt Press auger system allowing a consistent mixture to achieve the odor stabilization of the cake; and

WHEREAS, on July 19th, 2022 the Commissioner of Public Works and the Waste Water Treatment Plant Operator met with County Waste representatives to address the odor complaints from the landfill where the cake is sent to; and

WHEREAS, the Commissioner of Public Works contacted BDP Industries (Belt Press Manufacturer) to inquire about an automatic lime feeding system; and

WHEREAS, BDP Industries has been designing and installing these systems over the past 5 plus years; and

WHEREAS, the lime feeding systems have been operational at other existing Waste Water Treatment Plants and are working the way that they are designed to work; and

WHEREAS, this process allows the lime to stabilize the odor for a long period of time because of the consistency of the mixture; and

WHEREAS, BDP Industries is a sole source provider for this unit and will build it to fit in the location necessary to operate properly; and

WHEREAS, the Commissioner of Public Works is constantly looking for ways to reduce odor at the Waste Water Treatment Plant and is recommending that the Town Board authorize the purchase of a Lime Feeder System from BDP Industries; and

202-2022 A Resolution to Accept the Offer of Certain Required Improvements Constructed in Connection with the Temporary Bypass of the Third Avenue Pump Station

WHEREAS, in accordance with the Town Board’s Amended SEQRA Statement of Findings for development of the Regeneron Pharmaceuticals, Inc. (“Regeneron”) Tempel Lane Campus development and the Development Agreement between the Town and Regeneron, the Town is upgrading the sanitary sewer pump station and conveyance infrastructure serving a portion of the Town that includes Regeneron’s Tempel Lane Campus development; and

WHEREAS, upgrades include replacement of the existing pump stations known as the Third Avenue Pump Station, the Barracks Road Pump Station as well as approximately 1,450 lineal feet of sanitary sewer forcemain connecting the Third Avenue Pump Station to the downstream gravity sewer system (the “Project”); and

WHEREAS, the final plans have been approved by NYSDEC, Rensselaer County Department of Health and NYSDOT, and the final plans include a design and specifications for installation of a Temporary Bypass of the Third Avenue Pump Station in order that additional flow can be accepted during construction of the upgrades; and

WHEREAS, the Temporary Bypass involves, inter alia, installation of the approximately 1,450 lineal feet of new 10” forcemain in order to reduce the total dynamic head such that the pumping capacity of the existing pumps can be increased; and

WHEREAS, Adirondack Mountain Engineering, P.C. (“AME”), in its capacity as the Town Designated Engineer for the Project, conducted a review of the Temporary Bypass design, including an evaluation of the health and status of the existing pumps in order to confirm that they might successfully be used for the Temporary Bypass; and

WHEREAS, AME’s technical memorandum summarizing the evaluation recommended the installation of variable frequency drives (VFDs) and related components in order to control flows from the Third Avenue Pump Station while the Temporary Bypass is installed; and

WHEREAS, Regeneron paid for costs associated with the Temporary Bypass, including the VFDs and related components, in accordance with the Development Agreement between the Town and Regeneron; and

WHEREAS, AME did certify in a letter dated August 5, 2022 that the construction of the Temporary Bypass was completed in substantial conformance to the NYSDEC approved plans, and completed under the direct supervision of AME; and

WHEREAS, AME did certify in a letter dated August 5, 2022 that the VFDs have been installed and pump testing shows that the system is capable of pump 686 gallons per minute (gpm) with one pump out of service and all pressure testing has been completed; and

WHEREAS, AME in a letter dated August 5, 2022 requested approval from NYSDEC to place the Temporary Bypass system into service until the final improvements to the Third Avenue Pump Station, the Barracks Road Pump Station are completed; and

WHEREAS, the Town Comptroller confirms that this resolution will not have a material impact on the Town’s finances;

now, therefore, be it

WHEREAS, this resolution was not able to be submitted in time to be considered at the regularly scheduled pre-board meeting of August 10, 2022 and was subsequently presented to the Town Board on August 16, 2022; and

WHEREAS, the Town Board is interested in installing an Electric Vehicle Charging Station at Town Hall, and after doing the research on prices, arrived at a total cost for the project of \$19,465.00; and

WHEREAS, National Grid will provide an incentive grant of \$10,800.00 to defray the cost of the project; and

WHEREAS, the Town was awarded a \$5,000.00 grant from the New York State Energy Research and Development Authority (NYSERDA) that must be used on a clean energy initiative; and

WHEREAS, the Town Board believes that the most effective use of this grant would be to also help defray the cost of installing an Electric Vehicle Charging Station at Town Hall; and

WHEREAS, as Plugin Stations Online, LLC had the lowest price to provide and install the charging station at \$8,665.00, and it was determined that this was the best vendor for this project; and

WHEREAS, this would require the Town to supplement the National Grid incentive and the NYSERDA grant with a payment of \$3,665.00; and

WHEREAS, the Town Comptroller confirms that this \$8,665.00 expense can be charged to 16204.01 Building CE offset when the \$5,000.00 is reimbursed by NYSEDA;

now, therefore, be it

RESOLVED, that the Town Board of the Town of East Greenbush approves the use of the \$5,000.00 NYSERDA grant to pay for an Electric Charging Station at Town Hall;

and it is further
