181-2024 A Resolution Demanding that the New York State Department of Environmental Conservation Immediately Order the Permanent Closure of the Landfill Operated by S.A. Dunn & Company, LLC

WHEREAS, S.A. Dunn & Company, LLC (hereinafter, the “Applicant”), the owner of a construction and demolition debris landfill (hereinafter, the “Landfill”) located in the city of Rensselaer, was issued a permit relative to its operation of the same (hereinafter, the “Permit”) by the state Department of Environmental Conservation (hereinafter, the “DEC”) that commenced on July 20, 2012; and

WHEREAS, since the date that the Landfill began receiving debris, if not prior thereto, members of the public, especially residents from the city of Rensselaer and the town of East Greenbush, have experienced certain adverse environmental effects that have been credibly represented and qualified by experts associated with the Rensselaer Environmental Coalition and accepted as such by past and current members of the East Greenbush Town Board (hereinafter, the “Town Board”), including, but not limited to, compromised air quality, disturbed visual enjoyment of their respective neighborhoods, and noise pollution, all of which have threatened and endangered their health, safety, and welfare; and

WHEREAS, in an effort to proactively and responsibly support the elimination of the foregoing reputed adverse impacts of the Landfill and to underscore the urgency to do so, the Town Board has previously adopted resolution nos. 230-2019, 53-2020, 55-2020, 27-2021, 165-2021, 230-2021, and 85-2022; and

WHEREAS, on January 14, 2022, the DEC received from the Applicant a permit renewal and modification application (hereinafter, the “Application”); and

WHEREAS, on March 30, 2022, the DEC commenced an enhanced permit renewal process vis-à-vis the Application based on New York’s Climate Leadership and Community Protection Act (hereinafter, the “CLCPA”) with a focus on its requirement that the Applicant complete a Disproportionate Burden Analysis (hereinafter, “DBA”) which evaluates the cumulative burden of greenhouse-gas exposure on children and adults relative to the proximity of such gas to the city of Rensselaer’s public-school campus, and

WHEREAS, on November 16, 2022, the Applicant submitted to the DEC a deficient DBA, inasmuch as it: (a) did not consider greenhouse gas exposure on children or adults, (b) did not consider the school’s proximity to the landfill, and (c) was based exclusively upon air-quality data from stations outside of the county of Rensselaer; and

WHEREAS, on January 17, 2023, the DEC issued to the Applicant a notice of incomplete application, but failed to enforce the foregoing DBA requirement; and

WHEREAS, the Application was deemed by the DEC to be complete on July 12, 2023 and continues to be processed; and

WHEREAS, during the period since the Permit’s expiration on July 19, 2022, including the 18-month period that it took the Applicant to perfect its Application with the DEC, the Applicant has been allowed by the DEC to continue its operation of the Landfill under an ostensibly protracted application-review process, during which the DEC is believed to have failed to enforce the provisions of the CLCPA, including, but not necessarily limited to, a properly conducted DBA as described hereinabove; and

RESOLVED, that, in consideration of the DEC’s flawed and protracted review process relative to the Application, which has further compromised the rights of residents of the Town of East Greenbush and the city of Rensselaer, the latter of which being a disadvantaged community under the CLCPA, the Town Board respectfully demands that the DEC immediately deny the Application;

and be it further

RESOLVED, that the Town Board hereby respectfully demands that the DEC prioritize the health, safety, and welfare of the students and staff at the city of Rensselaer’s public school system and of all neighboring residential areas in the city of Rensselaer and in the town of East Greenbush by ordering the Applicant to immediately and permanently close the Landfill in as expeditious a manner possible;

and be it further

RESOLVED, that a copy of this resolution shall be delivered by Supervisor Conway to the interim commissioner of environmental conservation, Sean Mahar, and to Governor Kathy Hochul.

184-2024 A Resolution Authorizing the Modification of Truck #3, a 2018 Chevrolet 2500 Pickup Truck, from a Standard Pickup Truck Bed to a Utility Body with a Lift Gate

WHEREAS, the Department of Public Works has recently replaced Truck 3 the 2018 Chevrolet 2500 Pickup Truck with a 2024 Dodge Ram 5500 Pickup Truck; and

WHEREAS, the original plan was to auction the 2018 Chevrolet 2500 Pickup Truck upon delivery of the 2024 Dodge Ram 5500 Pickup, but upon recommendations from the Senior Auto Mechanics, it would be better used as a replacement for Truck 6, a 2019 Ford F250; and

WHEREAS, the old Truck 3, the 2018 Chevrolet 2500, will become Truck 6, and Truck 6, the Ford F250 will be auctioned upon completion of the modification; and

WHEREAS, the 2018 Chevrolet 2500 Pickup will have a Stahl 6 ½' Utility Body and Tommy Gate G2-54-1342 EA38 Lift Gate with 49" x 38" + 6" Taper extruded Aluminum Platform installed on it to complete the modification; and

WHEREAS, the Senior Auto Mechanic received a quote from T&T Sales Inc., in the amount of \$16,144.00; T&T Sales Inc., is a sole source vendor as an Authorized Stahl Dealer; and

WHEREAS, the Director of Finance confirms this can be financed with the following budget transfer:

Fund	Transfer In	Transfer Out
A917 General Fund		\$16,144.00
51104.02 General Repairs CE	\$16,144.00	

now, therefore, be it

RESOLVED, that the Town Board does hereby approve the modification of the 2018 Chevrolet Pickup Truck from a Standard Pickup Truck bed to a Utility Body with a Lift Gate by T&T Sales Inc, for an amount of \$16,144.00.

186-2024 A Resolution Authorizing the Purchase of a New Mechanics Truck

WHEREAS, the Commissioner of Public Works has identified the need to replace the current Mechanic’s truck, Truck 24, a 2006 Ford F350 Utility Body that the Town purchased used from Upstate Autobody, which had been a Verizon service truck prior to being sold; and

WHEREAS, the Mechanics truck provides essential roadside support to the Department of Public Works fleet that allows for repairs and/or assessments to be made while the vehicle is out on the road; and

WHEREAS, the Senior Auto Mechanics had approached the Commissioner regarding the condition of Truck 24 and upon review, the best recommendation was to replace Truck 24; and

WHEREAS, the Senior Auto Mechanics began reaching out to dealerships regarding trucks and inquiring about New York State pricing and received a number of quotes for new replacement trucks as seen below:

Dealer	Truck Description	NYS Bid Assist Discount	Price
Mangino Chevrolet State Contract #PC856351	2024 Chevrolet Silverado 2500HD 4WD Double Cab 162” Work Truck	(\$4,125.00)	\$62,006.50

187-2024 A Resolution Authorizing the Commissioner of Public Works to Engage H.V. LaBarba and Associates for the Planning and Development of Water Projects and Main Replacement for the 2024 Construction Season

WHEREAS, the Commissioner of Public Works and Water Department General Foreman have identified a Water Line within the Town’s infrastructure that needs to be replaced and upgraded; and

WHEREAS, H.V. LaBarba is very familiar with the Town’s infrastructure, both water and sewer, and often referred to as the Institutional Knowledge of the Water & Sewer System of the Town; and

WHEREAS, H.V. LaBarba would assist the Town in developing the bid specifications for the replacements and review of the bid submissions with the Commissioner; and

WHEREAS, Castleton Ave has been identified for water main replacement; and

WHEREAS, annual water main replacement projects are critical to maintaining infrastructure, eliminating breaks that occur on roads annually and supplying additional connections for water in case of breaks that occur; and

WHEREAS, the engineering portion of this project would be funded by the General Water Fund (W917); and

WHEREAS, the Director of Finance confirms that this resolution can be funded with the following budget transfer:

Fund	Transfer In	Transfer Out
SW915 Water Fund Balance		\$10,000.00
83404.05 Transmission/Distribution CE	\$10,000.00	

now, therefore, be it

199-2024 A Resolution Authorizing the Adjustment of the Load Limit Rating on Middlesex Road and Pheasant Lane in the Town of East Greenbush

WHEREAS, the Commissioner of Public Works has been working with Fred Mastroianni, P.E. of FCM Engineering PLLC on a traffic study of Middlesex Road and Pheasant Lane following a number of residents reaching out concerning the traffic on the roads; and

WHEREAS, following the completion of the study, the Commissioner and Highway Department updated the signage on both streets to focus traffic to the sharp turns and blind driveways; and

WHEREAS, the next step will be striping a section of the road to assist with keeping traffic on the appropriate side of the road along with providing speed reduction; and

WHEREAS, during a meeting with a few residents on the road during this phase of the project, it was noted that another concern is the number of trucks and vehicles using both Pheasant Lane and Middlesex Road as a cut-through road to go between Brookview Road and Columbia Turnpike in either direction; and

WHEREAS, Town Designated Engineer, FCM Engineering PLLC made the recommendation to reduce the Load Limit Rating to 4 tons and add signage that says “Local Delivery Only” as we have done in similar neighborhoods throughout Town that have expressed the same concern; and

WHEREAS, this type of action requires Town Board authorization to make these changes to the roads within Town and for the signs to be enforceable; and

WHEREAS, the Director of Finance confirms that this resolution will not have a material impact on the Town’s finances;
now, therefore, be it

RESOLVED, that the Town Board does hereby authorize the Commissioner of Public Works to make the suggested sign changing the load limit rating to “4 TONS” and “Local Delivery Only” on both Middlesex Road and Pheasant Lane.

200-2024 A Resolution Approving the Purchase of Tyler Technologies Software

WHEREAS, the Town is currently using separate software for many departments and some of the software is need of an upgrade; and

WHEREAS, opportunities exist for not only upgrading the performance of software in departments but also for integration of departments using a common software package; and

WHEREAS, the Director of Finance, with assistance from Department Heads, researched a number of software packages and is recommending that we contract with Tyler Technologies, a firm which is on State Contract; and

WHEREAS, the modules recommended to be used through Tyler Technologies include ERP Pro Financial Management Suite, Customer Relationship Management Suite (utility billing), Community Development Suite, Content Manager Suite, and Parks & Rec; and

WHEREAS, these modules will connect the finance office including payroll, with the water and sewer office, the community and recreation office, and the building and planning and zoning offices; and

WHEREAS, the yearly cost of the software is \$83,240.00 with a one-time startup fee of \$155,620.00, which includes installation and data migration; and

WHEREAS, the Director of Finance has determined that the provisions of this resolution will have a material impact on the Town’s finances that will be funded with fund balance from the General Fund;

now, therefore, be it

RESOLVED, that the Town Board approves the purchase of Tyler Technologies software for multiple departments as described above at a cost of \$155,620.00 for the first year and \$83,240.00

201-2024 A Resolution Authorizing the Repair of East Greenbush WWTP Headworks Number 2 Screw Compactor by Shrier Martin Process Equipment

WHEREAS, this resolution was not able to be submitted in time to be considered at the regularly scheduled pre-board meeting of August 14, 2024, and was subsequently presented to the Town Board on August 21, 2024; and

WHEREAS, the Deputy Commissioner of Sewer and Water has made a recommendation to the Commissioner of Public Works to repair and replace components of the #2 Bar Screen Compactor. Included items in this repair are a new spiral assembly, drive shaft, thrust bearing, lip seal, new screen on the compactor body, bearing housing machining, wear bars, debris seal, and bearings and seals; and

WHEREAS, as a result channel #2 in the head works building at the Wastewater Treatment Plant is out of service and all influent wastewater flow is channeled to bar screen #1 to remove and compact solids for disposal. Redundancy is required for successful treatment of waste water; and

WHEREAS, the typical lifespan of a compactor re-build is every five years. Compactor #2 was installed in 2015 and has been re-built twice in that time; and

WHEREAS, Shrier Martin Process Equipment is a Sole Source provider of HeadWorks USA. The following quotes for replacement and repair:

- o Repair Screw Compactor #2: \$38,134.15

; and

WHEREAS, the Director of Finance does confirm that this will be a material impact to the 81304.07 Treatment and Disposal CE line to be funded with the following budget transfer:

Fund	Transfer In	Transfer Out
SW915 Sewer Fund Balance		\$38,134.15
81304.07 Treatment & Disposal CE	\$38,134.15	

now, therefore, be it

RESOLVED, that the Town Board does hereby approve the repair of Screw Compactor #2 at the East Greenbush Waste Water Treatment Plant by Shrier Martin Process Equipment in an amount not to exceed \$38,134.15.

202-2024 A Resolution Authorizing Additional Funding for Cured-In-Place Pipelining to Selected Storm Sewer Lines

WHEREAS, this resolution was not able to be submitted in time to be considered at the regularly scheduled pre-board meeting of August 14, 2024, and was subsequently presented to the Town Board on August 21, 2024; and

WHEREAS, in accordance with Town policy and General Municipal Law, all public works expenses in excess of \$10,000 require Town Board approval; and

WHEREAS, Precision Trenchless LLC has been awarded the Onondaga County Bid for installation of cured-in-place pipelining and the Bid has been made available to other political subdivisions state-wide; and

WHEREAS, the Commissioner of Public Works in conjunction with the Highway General Foreman has identified specific sections of the storm sewer collection system that are prone to deterioration, or infiltration of roots or other matter; and

WHEREAS, the Commissioner of Public Works has determined that the most cost-effective way to recondition these specific sections is to install cured-in-place pipelining which will prevent further clogging and will ensure a much longer use life in the affected areas; and

WHEREAS, the Town Board approved in Resolution 30-2024 \$130,000 for Cured-In-Place Pipelining (slip-lining) for the Storm Sewer System which was budgeted for 2024; and

WHEREAS, this funding was exhausted early this year by Springhurst Drive slip lining pipes between CB1-CB2-CB3 and Spring Avenue totaling \$130,495.82; and

WHEREAS, there were also two urgent slip lining jobs that were needed to be complete due to failing infrastructure – Lake Shore Drive section totaling \$9,900.00 and a section of pipe on Greenwood Drive that would help drainage between Greenwood Drive and Evergreen Way in the amount of \$4,400.00 (job completed by Kenyon Pipeline Inspection (KPI)); and

WHEREAS, the Department of Public Works has identified a failing pipe on Ponderosa Blvd where a sink hole has developed and another section of Lake Shore Drive that can be slip lined for an amount of \$22,700.00; and

WHEREAS, by having these sections of pipe slip lined it saves the Town money and time. The alternative is to dig up the road, remove the deteriorating galvanized steel, replace and repave the roads. This allows for the infrastructure to remain in place and for it to be reinforced and extended 6' on Lake Shore, to allow the Town to back fill and sustain the area; and

WHEREAS, as a result of the two urgent slip lining jobs that have completed and the two sections of pipe that have been identified as needing repair before the winter, the Department of Public Works is requesting an additional \$40,000.00; and

WHEREAS, the Director of Finance confirms that the financial impact of this resolution is \$40,000 to the budget line 81404.07 Storm Sewer CE and will be funded with the following budget transfer;

Fund	Transfer In	Transfer Out
SW915 Sewer Fund Balance		\$40,000.00
81404.07 Storm Sewer CE	\$40,000.00	

now, therefore, be it

RESOLVED, that the Town Board approves the Commissioner of Public Works to complete the additional slip lining as identified in the resolution at a price not to exceed \$40,000.00.
