

Schedule of Hearing:

Supervisor Conway – Noted Town Board was holding Public Hearing on amendments to Town of East Greenbush code having to do with water provisions, adding Article III for cost allocations and billing provisions. Mentioned in 2018 the town consolidated General Water District in Hampton Manner. Stated we have created a whole new system for water and sewer, which locks in place a systematic structure that supports what we've done. Indicated that this creates a way that we established costs and how we bill.

William F. Ryan, Jr., Esq. – Commented that Supervisor Conway's remarks were very well put. Mentioned what was lacking in current code was the methodology for which billing would occur both on capital and Operation & Maintenance prospective. Noted that each year you don't have to amend the Local Law, you can do it by resolution.

Open Public Comment – Resident, David Terpening, presented his comments to the Town Board.

Supervisor Conway made a motion to close Public Hearing and seconded by Councilor Tierney.

Supervisor J. Conway	VOTED: YES
